FOR IMMEDIATE RELEASE

Humana Capital Partners donates to Ukraine Freedom Project to support their efforts to provide medical supplies and humanitarian aid to the front lines and hot spots in Ukraine.

ESG Investment firm founded by local high school students supports non-profit organization committed to getting medicine and food to Ukrainians on the front lines

Rogers, Arkansas — December 24, 2022 — Today, Humana Capital Partners (HCP), an ESG investment firm donated to Ukraine Freedom Project, an organization working on the front lines in Ukraine delivering much needed food and medicine to people in need. Since the invasion of Ukraine by Russia, it has been hard to get medical supplies, food, and cold-weather gear to the front lines because many non-profits are unwilling to deliver them. Ukraine Freedom Project is one of the few willing to do that. “We’re inspired by Steven Moore’s courageous actions and proud to be supporting him and Ukraine Freedom Project. We are excited to continue being involved in Ukrainian relief efforts” said Max Kublanov, Partner at HCP.

In 2022, Ukraine Freedom Project has delivered more than 200 tons of food, 30 tons of medical supplies, Starlinks, generators, winter gear, construction supplies and other needed material to Ukrainians near the front. “We’re grateful to receive funding from Humana Capital Partners, it’s great to see grassroots efforts in the U.S. helping those in need in Ukraine” said, Steven Moore, Ukraine Freedom Project founder.
